

2026

### Dear Parents / guardians

We thank the Lord that we have reached the midpoint of the term. It has been a busy and productive start to the year as learners transitioned into their next grades. We are pleased to see that they have settled in well and are adapting positively to their new academic expectations. Teaching and learning are progressing smoothly across all classes.

### Alternative Sports Place for Grade 1 & 2

After recognizing that our Grade 1 and 2 learners had outgrown the school quad, we sought an alternative sports area to better accommodate their needs. The new space provides a safer and more suitable environment for physical activities, recreation, and skill development.

### Academic Progress

The transition into the next grade level has been encouraging. Learners are adjusting to increased responsibilities and academic demands with confidence.

Our Grade 3 learners are particularly excited about their move into the Junior School. They are adapting well to the longer school day and have embraced opportunities to join clubs and participate more fully in school life.

The cooking club received an overwhelming response this term. While we are encouraged by the enthusiasm shown by our learners, the club reached full capacity and unfortunately not all who were keen to join could be accommodated. We will continue exploring ways to broaden participation in the future.

### Clubs and Co-Curricular Activities

### Community Outreach – KIDZCAN

We sincerely thank all parents and families for supporting **KIDZCAN**, assisting children battling cancer, through your generous donations. Through giving, our children learn compassion, empathy and generosity—valuable lessons that help shape strong character and a caring community.

### Celebration of God's Love

On the 13th of February, we held a colourful "All in Red" celebration in honour of God's love. It was a joyful and meaningful occasion that reminded our learners of the greatest love of all – the love of Christ.

### Devotion Focus – The 3 Rs

This term, our emphasis is on the **3 Rs: Responsibility, Respect, and Resilience**. We encourage parents to reinforce these values at home so that our children consistently demonstrate them both in school and in the wider community.

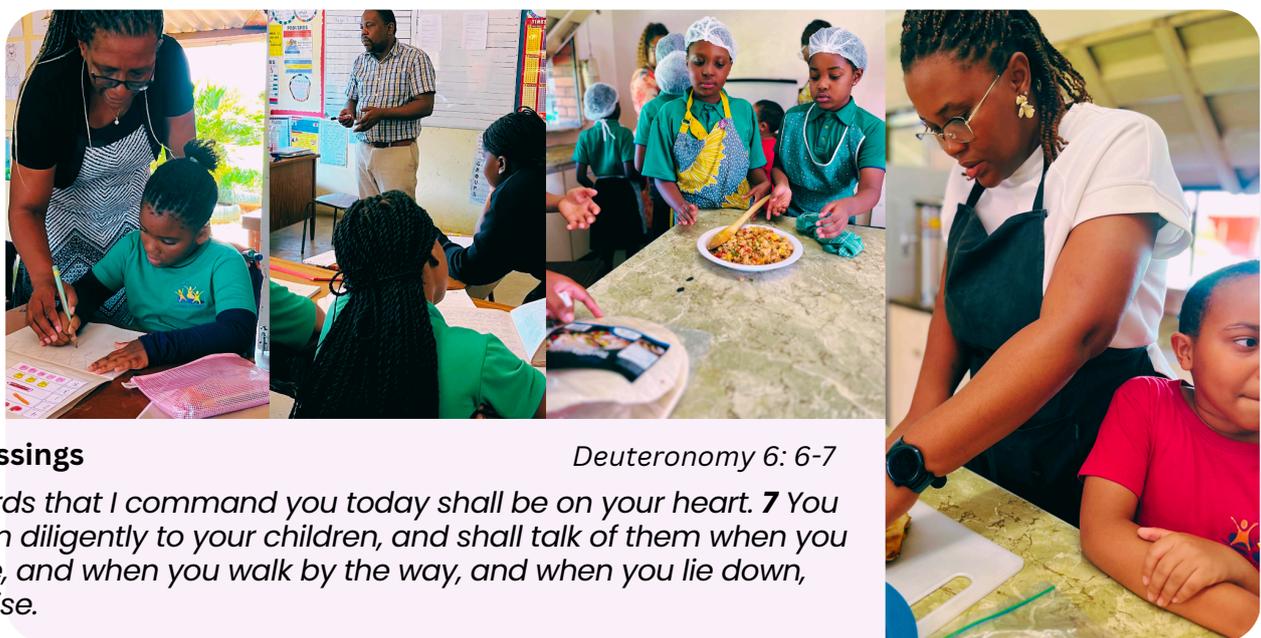

## Nursery School Highlights

- It is wonderful to observe our little ones actively participating in activities such as gym, crafts, and basic life skills development. Their enthusiasm and determination are inspiring. They also enjoyed an educational visit to the bird sanctuary, enriching their experiential learning.

## Half Term Break

- As we break for half term, we wish all our learners and families a restful, safe, and refreshing holiday. We look forward to welcoming everyone back on 24 February 2026, renewed and ready to continue the term with focus and determination.

### Gratitude & Blessings

*Deuteronomy 6: 6-7*

**6** And these words that I command you today shall be on your heart. **7** You shall teach them diligently to your children, and shall talk of them when you sit in your house, and when you walk by the way, and when you lie down, and when you rise.

Kind regards  
Ivy Tafireyi
